For immediate release

Good day,

If you would, please, take a few moments from your daily activities to review this our letter which is being dispatched throughout the state. We would like to bring to your attention the Third Continental Congress that was held October 29-31, 1996, in Kansas City, Missouri. It is due to an epoch of extreme hostility generated by a system contrary to the founding principles of this country that brought about the Congress in which eleven states participated, including a delegate from our state. The purpose of said assemblage was to discuss the plight of our nation and what lawful avenue for redress should be taken. Due to the public servant's unwillingness to abide by our several Constitutions, be they state or federal, it was suggested that a Provisional Government be erected.

When the Third Continental Congress re-convenes January 10, 1997, the state of New Jersey is endeavoring to have five delegates present. These delegates are to be elected by you the people. Perhaps you may wish to be a delegate or at least participate in the election of delegates December 13 at 7:30 pm at a location to be announced, depending on the response to this bulletin. Along with our delegates perhaps we should dispatch the idea of a Committee of Safety; and legal writs, and a list of grievances to be presented to the public servants.

We are very candid in this endeavor to re-capture the spirit of liberty. Therefore we earnestly believe that it is imperative that a solution be found while there is time. We truly need your participation, so please call no later than December 7.
